

# Nutwood and Nutwood Newsletter 1-50 Index 1983-2003

*Issued with Nutwood Newsletter 51 : Spring, 2004*

This is not an exhaustive index of all the fascinating material that has appeared over the years in the *Nutwood Newsletter*, *Nutwood* and our many *Specials*. We have omitted regular features such as “Rupert in the Daily Express”, small letters, snippets of information and ephemeral notes of impending events etc.

The abbreviations are as follows:-

NW .....	Nutwood
NN .....	Nutwood Newsletter
NS .....	Nutwood Special Issue
(BR) .....	Bestall Reprint
(TR) .....	Tourtel Reprint

Where an article involves a named person (e.g. Alfred Bestall) we have indexed this under “Bestall, Alfred”. However, we decided that “Bear, Rupert” and “Badger, Bill” looked silly, so you will find your Nutwood chums indexed under their first names!

We hope that you find this updated index useful and that it inspires you to dig back into your back-issues, thus enjoying further hours of fun and interest from your membership of *The Followers of Rupert*. Many of the issues cited are still available from Michael Ward, 30 Colborne Avenue, North Reddish, Stockport, Cheshire, SK5 6PE. In compiling this index, I have been helped greatly by the wisdom of John Beck (The Sage of Lewes) and the eagle eyes and proof-reading precision of Phil Toze..

Happy Following ...
